

Wye River and Separation Creek fire recovery and relief program managed by the Lions Club of Lorne.

Caravan initiative: The Lions Club of Lorne have been strategically trying to help as many effected families and individuals as possible since the fire impact. One initiative we are offering for all directly affected is the use of 2 x caravans that we are leasing from 30th January – 20th March – these will be used in Wye River on a booking system through the Lions for free.

After this time we will be leasing 2 x onsite self-contained cabins can also be used up until Melbourne Cup weekend 2016. These will be available for a small fee of \$20 per night to cover costs. The Lions are able to fund 100 nights and the small donations to stay will allow us to continue to utilise more nights on a needs basis. As you can appreciate we will have some policies regarding use such as: only to be used by families and or individuals no friends will be allowed to join you, no partying, no dogs at the Wye River Park, own linen required, cleaning up after use and maximum 2 day stays per booking (unless available) to allow others to use.

The email for bookings will be: lornelionsbookings@solution4u.com
