

PADDY'S PATH WORKING BEE – SUNDAY 31ST JULY

CANCELLED

Unfortunately, the heavy rain over the last two weeks, and landslip issues, forced the closure of Paddy's Path last week and it is uncertain when it will be safe to be re-opened to the public.

Sadly, we have had to **cancel** the working bee planned for this Sunday afternoon.

Other alternate sites for public planting are either inaccessible, still subject to clearing of fallen debris, weeds etc., or just not safe enough to work on at this time.

We know how eager our community is to help with the revegetation of Paddy's Path and other public areas in the townships. We will now regroup and consider options for future community involvement in such projects when it is safe and appropriate to do so.
